Kayla Sharrow, Asst Director of Nursing and her family with the Easter Bunny

A Visit From the Easter Bunny

WHNR had a very special visitor on Good Friday! The Easter Bunny was able to fit into his schedule a visit and hide eggs for the children/grandchildren of residents and staff. He then took time out to pose for pictures with all.

Thank a Nurse

Take the time to give a heartfelt thank-you to our nurses for their hard work and care during National Nurses Week—and every week!

Jude the Bunny brought tons of smiles from staff and residents on his visit. Jude belongs to Stephanie Meyers. Cookie Northcutt and Norma Emmons both enjoyed his visit. Taylor Arnold DON, took Jude around to visit all the residents.

The Easter Bunny accompanied by Kirstian Sethaler, Dir of Admissions, to Passavant Hsp, Boyd and Dr. McNear's office and brought smiles and treats for the nurses.

Journee Vinyard wins a prize at our Easter Egg Hunt.

Residents enjoyed some pet therapy on Mar 25th with Miss Elsa Marie. Elsa is the Director of Nursing's Goldendoodle!

Operation Girl Scout Cookies

Girl Scout Troop #5685 set a goal to send as many boxes as possible to local nursing homes this year. Thanks to the help of several local businesses and individuals they were able to send cookies to five different

facilities this year!

Their hope is that each resident will get to enjoy the simple delight of eating a girl scout cookie and know that their troop was thinking of them.

"This is such a special treat for our residents," said Kim Schutz, Activity Director.

World Table Tennis Day

We celebrated World Table Tennis Day (also known as Ping-Pong) on April 6th with residents enjoying a fun challenge of ping-pong. The game is based on tennis, however, it's played indoors on a table. Not only is ping-pong fun, but there are also many benefits of playing the game. It improves reflexes, improves hand-eye coordination, provides a good cardio workout, and offers a chance to socialize with others.

Here's to You, Mom

Happy Mother's Day to all of the mothers and grandmothers in our community! We hope you enjoy your special day.

National Nursing Home Week 2022

As human beings we have a natural yearning to connect. Studies have linked people with strong social relationships to many aspects of positive health outcomes, especially among older adults.

Skilled nursing centers and their staff provide a steadfast commitment to providing high-level of care for their residents. This has never been more evident than the last two years, during the pandemic. In addition to protecting & caring for their residents around the clock during a time of limited visitation & social distancing, staff stepped in and served as family members & friends to ensure that residents had the essential social connections they needed.

The 2022 NSNCW will celebrate the essential role that skilled nursing care centers and staff play in *Creating & Nurturing Connections* for their residents.

We have a week of special activities planned for staff & residents this week. Please check out our Activity Calendar. We invite you to join us in celebrating this week!
