Greene-Calhoun CEO Students listen to Kari Burton tell about the services and career opportunities at WHNRC.

Greene-Calhoun CEO

Our Director of Rehab, Kari Burton, and Ashley Daum, Rehab Tech, spoke to the students of the Greene-Calhoun CEO. This program teaches entrepreneurship education and seeks to prepare youth to be responsible, enterprising individuals who contribute to economic development and sustainable communities.

Kari spoke to the students about the services offered at our skilled nursing facility. Along with discussing the various services, she discussed the licensed and certified careers paths that are included with the specialized care required to meet both State and Federal guidelines in addition to the various other positions and opportunities, such as dietary staffing, maintenance, activity professionals, housekeeping and much more.

Celebrating Mardi Gras

Fat Tuesday was a lot of fun this year with a Mardi Gras parade and the crowning of a Mardi Gras King! Along with other snacks, we got to sample a King Cake. I believe this was the first time a King Cake had actually been served, so for many it was a first.

Bob Walkington was crowned as the Mardi Gras King after receiving the most votes from staff/visitors and residents.

During the party Phyllis Bushnell and Mary Nelson were the lucky ones that found the baby in their King Cake. The baby symbolizes luck and prosperity to whoever finds it.

Judy Northcutt participates in the parade route.

Pie in the Face

One of the favorite staff fundraisers will always be the "Pie in the Face." This time was no exception. Executive Director Charles Turpin and Memory Unit Manager Kayla Sharrow were voted on by staff to be the lucky recipients to receive the pie. It's odd how whomever is sitting in the Executive Director seat is always elected to receive one—payback to the boss maybe! They are always such good sports about it!

Charles takes one for the team! They got him good, too!

Kayla gets the second pie! I'd say it was a bull's-eye! Notice Charles in the background having a chuckle over it, with pie still on his face if you notice. Thanks for being such good sports with the fun!

What a Special Valentine's Day

Love was in abundance on Valentine's Day this year! The response we received from the community far exceeded anything we expected. Pink and red heart balloons were everywhere in our building, along with Valentine candy. Every resident received a special Valentine gift and you should have seen the smiles! We cannot thank our community and family members enough, as well as our staff who helped prepare and deliver the gifts.

A Valentine party was held and Jean Coates was crowned as the Valentine Queen. Voting was done by staff and residents. Everyone enjoyed refreshments and played Minute to Win It games.

Brain Games

Brain Bender: Leprechaun Logic

Four young leprechauns—Bridget, Erin, Declan and Seamus—are going to a St. Patrick's Day party. Each is taking a treat—shamrock cookies, a rainbow cake, Irish stew and soda bread. Use the clues to find out the name and age of each leprechaun and the food they're taking to the party.

- Bridget is the same age as the leprechaun who likes bread.
- The 8-year-old girl is not bringing a cake.
- Declan isn't taking the stew.
- Erin loves rainbows. She is younger than Seamus.
- Seamus and his twin sister are 8 years old.
- The youngest leprechaun, who is 6, isn't bringing cake or stew.
- Bridget isn't taking bread, and Seamus isn't taking cookies.

(Answers: Declan is 6 years old and taking cookies. Erin is 7 and taking a cake. Bridget is 8 and taking Irish stew. Seamus is 8 and taking soda bread.)

Addictive ... Yes, It Is!

Wow, did we have fun and it's easy to see how kids become addicted to video games. Just check out Judy's expression! Can't wait to do it again!
